## TOP STORIES

### **New NTAA Executive Committee (EC) Primary and Alternate Representatives for Alaska are announced!**

The NTAA EC is pleased to welcome two new Representatives for Alaska: Mary Mullan from the Native Village of Ouzinkie as the Primary Representative and Ann Wyatt from the Klawock Cooperative Association as the Alternate Representative. A heartfelt thanks to outgoing Primary Representative Brian Holter and Alternate Representative Sue Flensburg for their service to NTAA and air quality in Indian country. More information on NTAA's EC can be [found here](#). Congratulations to Mary and Ann!

### **NTAA is Hiring!!**

NTAA is now hiring for the position of Senior Program Coordinator to join the NTAA team. *The application deadline has been extended until May 2<sup>nd</sup>*, so be sure to check out the [job description here](#) and more information below in the *Now Hiring* section.

### **NTAA establishes new Woodstove Work Group**

NTAA is establishing a workgroup to partner with Tribal, state and EPA entities with a purpose to research, develop and implement a national residential woodstove program to address both the indoor and ambient air quality impacts from residential wood/coal burning stoves. If you wish to help, please join the first call today, Wednesday, April 25<sup>th</sup> at 11 am PT / 2pm ET. Please contact [andy.bessler@nau.edu](mailto:andy.bessler@nau.edu) to learn more and to join the call.

### **International Work Group for Indigenous Affairs: [The Indigenous World 2018 is published](#)**

More than 80 authors have contributed to this unique book that provides both local and global insights into some of the recent developments for indigenous peoples. This year's edition focus on land rights and provides 56 country reports and 13 reports on international processes. We hope you will enjoy reading it and share it with relevant people. ## **UPCOMING CALLS/EVENTS**

### ***Ambient Air Quality/EPA/NTAA/Tribes***

#### **Save the Date: Protecting Mother Earth Conference**

June 28-July 1, 2018

Nisqually Territories, between Olympia and Tacoma, Washington

An international gathering on how Indigenous Knowledge can foster climate justice through exploring environmental health, the harms of extreme energy projects, finding solutions through clean renewable energy and how to uphold the territorial integrity of Mother Earth. More information: [pme2018@ienearth.org](mailto:pme2018@ienearth.org)

#### **2018 EPA Region 6/State National Clean Air Act Inspector/Enforcement Officer Training Workshop**

The workshop will be held on May 8 - 10, 2018. Your registration from this site allows you access to all workshop sessions, either on-site in the EPA Region 6 Office in Dallas, Texas or via Adobe Connect Webinar over the internet. [Click here](#) to register for the Workshop and to review the agenda, logistics, and workshop description.

**EPA Workshop & Webinar: Deliberating Performance Targets for Air Quality Sensors**

Date and Time: Monday, 06/25/2018, 9:00AM EDT to Tuesday, 06/26/2018, 5:00PM EDT

[Click here for more information](#) from EPA's website.

**Environmental Finance Center West (EFCWest) is offering FREE one-day managerial trainings, technical assistance workshops, and opportunities for one-on-one technical support for California tribes.**

Please help us customize the workshops to address your specific needs! Click the link below to take our short survey:

[EFCWEST TRIBAL PRE-WORKSHOP SURVEY](#)

For more information, please visit our [CA Tribal Resilience webpage](#).

**Navajo Nation EPA is pleased to announce their environmental conference** is set for Wednesday, June 20 to Friday, June 22, 2018 at the Twin Arrows Navajo Casino Resort, in Flagstaff, Arizona.

For more information about the conference, please visit

[www.navajonationepa.org](http://www.navajonationepa.org).

This year's environmental conference includes an 8-hour Hazwoper Refreshing Training at a discounted conference price provided by ACME Environmental on Thursday, June 21. Advanced registration is required.

**NTAA Upcoming Calls.** The toll-free number is 1-800-309-2350. If you do not need to call toll free, or would like to help conserve NTAA funding, you can call 1-805-309-2350. Both numbers use code 928-523-0526#.

Contact [Andy.Bessler@nau.edu](mailto:Andy.Bessler@nau.edu) if you have any questions about any call!

**\*Registration instructions\*** When you register for the GoToWebinar, please remember to include your Tribe, Region, or Organization in parenthesis after your last name. This allows you to see everyone on the call and prevents us from conducting a roll-call, ultimately saving everyone's time.

<p><b>New Woodstove Work Group:</b> NTAA is establishing a workgroup to partner with Tribal, state and EPA entities with a purpose to research, develop and implement a national residential woodstove program</p>	<p>Wednesday, April 25, 2pm ET <i>**NTAA's regular line will not be used for this call. Contact <a href="mailto:andy.bessler@nau.edu">andy.bessler@nau.edu</a> to join the call**</i></p>

### **ITEP's [2018 AIAQTP Course Schedule](#)**

<b>Course Title</b>	<b>Dates</b>	<b>Location</b>
IAQ Diagnostic Tools for Alaska	May 1-4	Tazlina, AK
<i>National Tribal Forum on Air Quality</i>	<i>May 14-18</i>	<i>Duluth, MN</i>
Management of Tribal Air Programs and Grants (lower 48)	June 5-7	Flagstaff, AZ
Building Performance: Improving IAQ in Cold Climates	Open	Online
Residential Building Science Review	Open	Online
Radon Fundamentals	Open	Online
Quality Assurance (QA) Fundamentals	Open	Online
Quality Assurance Project Plans (QAPP)	Open	Online
Emissions Inventory (self-paced, instructor assistance as needed)	Open	Online

Note: This schedule is subject to change. [Click here](#) for up-to-date information, course descriptions, and applications. If you have questions regarding the pre-requisites or your eligibility for a course, please contact Patricia Ellsworth, Air Quality Curriculum Coordinator, at [Patricia.Ellsworth@nau.edu](mailto:Patricia.Ellsworth@nau.edu) or phone 928-523-6721. For more information, please visit [ITEP's website](#).

## ***Climate Change / Energy***

### **Climate Change Adaptation Planning In-Person Training: June 5-7, 2018, Glennallen, Alaska**

The Institute for Tribal Environmental Professionals is excited to be collaborating with *Copper River Native Association* on an *Introduction to Climate Change Adaptation Planning* course. This course provides an overview to planning for climate change impacts, highlighting the work of several tribes.

If you are interested in applying for this course, please fill out the online application form at <http://www7.nau.edu/itep/main/tcc/Training/Trainings>

\*If you are unable to complete the online form, please contact us for a form to be sent to you which you must sign and return as an attachment (*PDF format preferred*) by email to [Colleen.Davis@nau.edu](mailto:Colleen.Davis@nau.edu) or by fax to ITEP at 928-523-1266 to the attention of *Colleen Davis*. Applications received by Friday, May 04, 2018, will have priority consideration.

### **Upcoming EPA Clean Energy Webinars for State, Local, and Tribal Governments**

There are many upcoming webinars on climate and energy topics offered by federal agencies and others. All webinars are offered free of charge, but space may be limited. [Let us know](#) if you have upcoming webinars you would like us to include in future newsletters. [Visit our website](#) for energy resources for state, local, and tribal governments. Our archived webinars can be found [here](#).

#### EPA Webinars

#### **April 25, 1PM (ET) - Introduction to the Local Government Solar Project Portal**

EPA is working with the Department of Energy (DOE) and the National Renewable Energy Laboratory (NREL) to support local governments in meeting their environmental and energy goals through greater utilization of solar energy from on- and off-site solar projects that serve municipal operations. Local governments that are considering developing solar projects

over the next two years, can participate in this effort by providing regular updates on their project development efforts.

EPA is hosting an introductory webinar focused on this initiative, the [Local Government Solar Project Portal](#), that outlines the renewable energy project development pathway steps and the associated tools and resources, project engagement opportunities, timelines and next steps. [Register](#)

#### ENERGY STAR Webinars

##### **April 4, 11, 18, 25, Noon (ET) – Portfolio Manager: Ask the Expert**

Most Wednesdays ENERGY STAR holds a live webinar that gives all Portfolio Manager users an opportunity to ask their questions directly to EPA experts in an open forum. [Register](#)

##### **April 26, 2 PM (ET) – Preparing for EPA’s ENERGY STAR Metric Updates**

In August 2018 EPA will update the models that power 1-100 ENERGY STAR scores with new data, based on the latest Commercial Building Energy Consumption Surveys (CBECS) from the U.S. Energy Information Administration. Join this interactive session to hear about EPA’s methodology and schedule for updating the scores, discuss considerations for building owners and managers, and learn what to expect when new metrics are released. [Register](#)

#### Department of Energy Office of Indian Energy Policies and Programs Webinars

##### **April 25, 1 PM (ET) - Best Practices in Tribal Energy Business Models**

The DOE Office of Indian Energy Policy and Programs and the Western Area Power Administration will co-sponsor the 2018 webinar series [Tribal Sovereignty and Self-Determination through Community Energy Development](#). The series is intended for tribal leaders, tribal staff, and others interested in energy development in Indian Country. During the April webinar, attendees will learn best practices for tribal energy business structures, including their advantages and disadvantages, goals associated with different business models, and examples of various models. Tribal leaders and community members will also learn how to select the best structure for their goals, existing codes, and laws. [Register](#)

Clean Energy States Alliance Webinars

**April 26, 1 PM (ET) – FERC and Clean Energy**

In this webinar, John Moore, Director of the Sustainable FERC Project at NRDC, will discuss some of the issues currently before the Federal Energy Regulatory Commission and the regional markets it regulates, including the potential threats for state RPSs and related state energy policies. Among the issues he will discuss are the increasing tensions between state and federal energy policies, energy storage, resilience, aggregation of rooftop solar and other distributed energy resources, PURPA, and transmission planning. There will be time for audience questions. This webinar is presented by the Clean Energy States Alliance (CESA) for the RPS Collaborative. [Register](#)

**The ITEP Climate Change Team is launching a new Climate Change 201 course that would serve cohorts of tribes working through the entire process of developing a strategic climate change adaptation plan focusing on a particular topic.** (Potential topics are listed below. You will be asked to rank your top three choices.) The course will take place mainly online with one in-person meeting over 1 1/2 years.

**For more information:** Please see our course description [here](#).

**To apply:** Visit our [Trainings webpage](#).

Please note that you cannot save our online application and return to it later. It must be filled out all at once. At our website, we have provided a pdf of the application form for you to reference before beginning the application process.

**Course fee:** There is no fee for this course. However, we ask for a time commitment of four hours per week to be divided among the members of a core climate change planning team.

**Questions:** Please feel free to email or call the ITEP Climate Change Program co-managers, Nikki Cooley or Karen Cozzetto with questions:

- Nikki Cooley, [nikki.cooley@nau.edu](mailto:nikki.cooley@nau.edu), 928-523-7046
- Karen Cozzetto, [karen.cozzetto@nau.edu](mailto:karen.cozzetto@nau.edu), 928-523-6758

**Application deadline:** Wednesday, April 25th.

**ITEP's Climate Change Adaptation Training Courses registration is online!**  
[Learn more about the courses and register here.](#)

***Toxics/Mobile Sources***

## ***Indoor Air Quality***

### **Six Easy Pieces: EPA guidance for Moisture Control in Buildings**

Date and Time: Thursday, April 26, 2018, 1:00 p.m. – 2:30 p.m. EDT

To register, [click here](#).

### **Gordon Research Conference on the Microbiology of the Built Environment**

July 15-20, 2018

University of New England, Biddeford, ME, USA

Topics covered include

- How the building microbiome impacts the human microbiome
- Viruses in buildings
- Building microbes, allergies and asthma
- Mold in buildings
- Pathogens in premise plumbing
- Control of microbes in buildings
- New methods for pathogen detection

More [information and registration here](#).

*[Back to Table of Contents](#)*

## **RESOURCES**

### ***Now Hiring!***

#### **Forest County Potawatomi is hiring a Natural Resources Biologist – Aquatic Sciences**

Posted: 4-11-19

Closing: Until Filled

More Information: <https://www.fcpotawatomi.com/job/natural-resources-biologist-aquatic-sciences/>

#### **Kootenai Tribe of Idaho is hiring an Environmental Director**

Closes: May 4, 2018

Questions: call 208-267-3519

#### **Swinomish Indian Tribal Community is hiring an Air Quality Specialist**

Open until filled.

[More information can be found here.](#)

### **NTAA is Hiring!!**

NTAA is now hiring for the position of Senior Program Coordinator to join the NTAA team. *The application deadline has been extended until May 2<sup>nd</sup>*, so be sure to check out the [job description here](#). This is a full-time 40-hour per week job located in Flagstaff, AZ and is benefit eligible. Occasional travel is required. Weekends may be required but on a very infrequent basis. This position is fully grant funded and is contingent on availability of future grant funding. This position reports to the NTAA Project Director. This position coordinates activities and functions of the National Tribal Air Association (NTAA) and other duties required by the Institute for Tribal Environmental Professionals at Northern Arizona University. The position will ensure that goals and objectives of NTAA and ITEP are accomplished in accordance with all applicable standards and policies of Northern Arizona University. The position is posted at Northern Arizona University's website and you can apply on [NAU's website](#). If you have any questions, please feel free to contact [andy.bessler@nau.edu](mailto:andy.bessler@nau.edu).

### **ITEP is hiring!**

**The Institute for Tribal Environmental Professionals at Northern Arizona University (ITEP) is hiring for an Administrative Assistant.** Please share with those who would be interested in joining a great team. This position is full-time (40 hours/week), benefits eligible. This position is fully grant funded and is contingent on availability of future grant funding. This position reports to the ITEP Business Manager. Minimum qualifications include four years of increasingly responsible office/administrative experience; or, any equivalent combination of experience, training and/or education. This position provides administrative support for activities associated with ITEP Budget Office and the VW Settlement Technical Assistance Program (VWS-TAP). [Click here](#) and then click on the "search jobs now" button to apply.

### **Job Description**

**Provides administrative support for activities associated with ITEP Budget Office and the VW Settlement Technical Assistance Program (VWS-TAP)**

**The Scotts Valley Band of Pomo Indians is hiring an Environmental Director**  
Application deadline: April 30, 2018

For more information or questions please contact Thomas Jordan at (707) 533-2870.

### ***Ambient Air Quality/EPA/NTAA/Tribes***

**The U.S. EPA invites nominations to be considered for appointment to its Mobile Sources Technical Review Subcommittee (MSTRS).** Topics such as gliders and VW will likely be discussed on this subcommittee. Vacancies are anticipated to be filled by fall 2018. Nominations must be postmarked or emailed by May 22, 2018. For more information, see the [Federal Register notice for Tuesday, April 17](#), or contact Courtney McCubbin, Designated Federal Officer, U.S. EPA; telephone: (202) 564-2436; email: [mccubbin.courtney@epa.gov](mailto:mccubbin.courtney@epa.gov).

### **Tribal Capacity and Needs Assessment on Environmental Data Collection and Management**

This Needs Assessment is being conducted by the [Tribal Governance Group \(TGG\)](#), which is seeking input from tribal leaders, environmental program staff, and information technology staff that support tribal environmental projects. We would value 15 minutes of your time to complete a brief questionnaire seeking information on your tribes' environmental data management activities and technological capacity. Please distribute this questionnaire to the tribal representative(s) and/or staff person(s) most appropriate to respond; multiple responses per tribe will accepted.

As funding for tribal programs continues to shrink and become more competitive, it is essential that federal agencies are informed with robust, representative input directly from tribes. The TGG has continued to advocate for increased funding support for tribal programs that is also responsive to tribal needs and constraints, and supports tribal goals and priorities.

The needs assessment is easy to complete using either a computer or mobile device. Please click on the link below to access the online form (if the link does not open automatically, copy and paste the link into a web browser to access). The needs assessment will be accepting responses through June 30, 2018.

[http://nau.co1.qualtrics.com/jfe/form/SV\\_b42EtWFq3AU7IEp](http://nau.co1.qualtrics.com/jfe/form/SV_b42EtWFq3AU7IEp)

For more information, visit: [www.tribalexchangenetwork.org](http://www.tribalexchangenetwork.org) or contact Frank Harjo, TGG Chair at [fharjo@mcn-nsn.gov](mailto:fharjo@mcn-nsn.gov)

### **EPA Tools and Resources Webinar Series**

Usually held the third Wednesday of every month from 3:00-4:00 PM ET  
Who should attend? Representatives of state environment and health agencies, tribes, local governments, communities, and others interested in learning about EPA tools and resources available to help inform decision-making.

[Access past webinars and learn more here.](#)

### **No-Cost Technical Assistance from DOE**

The DOE Office of Indian Energy provides federally recognized Indian tribes, including Alaska Native villages, tribal energy resource development organizations, and other organized tribal groups and communities, with technical assistance to advance tribal energy projects at no cost. Technical experts from DOE and its national laboratories, along with other partnering organizations, provide support to assist Indian tribes and Alaska Native villages with energy planning, housing and building energy efficiency, project development, policy and regulation, resilience, and village power.

For more information, visit the on-request [technical assistance description](#).

### ***Climate Change/Energy***

Sign up for the [Alliance for Green Heat](#)'s newsletter!

To view and/or receive ITEP's [Climate Change newsletter, click here!](#)

### ***Toxics/Mobile Sources***

The National Tribal Waste and Response Steering Committee is seeking applications for five openings.

[More information can be found here.](#)

Application deadline is May 25, 2018

### ***Indoor Air Quality***

Information on State IAQ Laws and Policies—Environmental Law Institute

Have you ever wondered what your state's IAQ laws or policies are? The Environmental Law Institute (ELI) has a wealth of information on how states are addressing long-standing and emerging indoor air quality (IAQ) issues. ELI's materials on IAQ are all available *free* at [www.eli.org/buildings](http://www.eli.org/buildings), ELI's portal for its Indoor Environments and Green Buildings Program. From the portal, you can browse among general topics or choose a type of publication

### **Available On-Demand: Linking IAQ, Energy Efficiency, and Preventive Maintenance**

The webinar “Making the Connection: Linking IAQ, Energy Efficiency, and Preventive Maintenance Together for Healthy Schools” can now be [viewed online here](#).

This webinar will demonstrate how to—

- Explain the critical connection between IAQ, energy efficiency and preventive maintenance, as well as the importance of properly integrating them for optimal occupant health and building performance during a renovation project.
- Use resources to help with energy efficiency and preventive maintenance efforts, including the Energy Savings Plus Health guide and the accompanying Interactive Air Quality Planner for Schools that helps you create a custom verification checklist for both your building upgrades and concurrent IAQ assessment protocols for each step of the upgrade process.
- Use a case study from a school district on getting started using these resources to create healthy indoor learning environments.
- Start or improve a preventive maintenance program to include IAQ and energy efficiency components as part of a comprehensive building management approach.

You can also download the [“Energy Savings Plus Health: Indoor air Quality Guidelines for School Building Upgrades”](#).

**Be sure to sign up for [EPA's Healthy Indoor Air newsletter](#).**

*[Back to Table of Contents](#)*

**FUNDING OPPORTUNITIES**  
***Ambient Air Quality/EPA/NTAA/Tribes***

## **Pollution Prevention Grant Program – Accepting Applications - Due April 26th**

This program funds two-year Pollution Prevention assistance agreements for projects expected to be performed in each EPA region that provide technical assistance and/or training to businesses/facilities to help them adopt source reduction approaches (also known as “pollution prevention” or “P2”).

If Congress appropriates Fiscal Year (FY) 2018 and 2019 funds for this program at levels comparable to FY 2017 funding levels, the EPA may award a total of approximately \$9.38 million in federal P2 grant funding for these two-year assistance agreements (approximately \$4.69 million in FY 2018 funds and approximately \$4.69 million in FY 2019 funds).

[FY 2018 and FY 2019 P2 Grant Program Request for Proposals](#). The application period closes **Thursday, April 26, 2018**, 11:59 pm (EDT).

For the convenience of grant recipients, an [Excel version of an example reporting matrix](#)(1 pg, 21 K) is made available here and may be used for the required reporting.

## ***Climate Change/Energy***

## ***Toxics/Mobile Sources***

### **EPA Solicits Applications for Grants to Provide Businesses with Pollution Prevention Technical Assistance and Training**

EPA is calling for grant proposals from state and tribal agencies, universities, colleges and other organizations to provide pollution prevention (P2) technical assistance or training to businesses. These two-year projects are expected to be performed in each EPA region.

The solicitation for this grant competition can be found at [www.Grants.gov](http://www.Grants.gov) and at [www.epa.gov/p2/grant-programs-pollution-prevention](http://www.epa.gov/p2/grant-programs-pollution-prevention) (Funding Opportunity Number – EPA-HQ-OPPT-2018-001). **Grant applications are due April 26.**

Pollution Prevention (P2) means reducing or eliminating pollutants from entering any waste stream or otherwise released into the environment *prior to recycling, treatment, or disposal*. In keeping with the Pollution Prevention Act of 1990, EPA is encouraging P2 because implementing these approaches can result in reductions in pollutants, the use of water, energy and other raw materials, while also lowering business costs. All grant awards will support the delivery of P2 technical assistance and/or training for businesses, and the identification,

development, documentation and sharing of P2 best management practices and innovations.

Grant proposals should focus on one or more of the following P2 priority areas, referred to as National Emphasis Areas (NEAs):

- NEA #1: Business-Based Pollution Prevention Solutions Supporting Toxic Substances Control Act (TSCA) Priorities and Chemical Safety:
- NEA #2: Food and Beverage Manufacturing and Processing:
- NEA #3: Hazardous Materials Source Reduction Approaches in States or Communities

#### Webinar for Potential Applicants

EPA's national P2 Program will host an informational webinar for potential applicants and interested stakeholders on Wednesday, March 21, 2018 from 1:00 PM– 2:30 PM EDT. To register, please go to:

<https://register.gotowebinar.com/register/1881359341448649473>. Attendees are advised to connect early (12:45 pm to 1:00 pm EDT) to ensure proper connection and to type in questions. The webinar link works best when using the Google Chrome browser
